thanks Carol and FYI, we will not be having a Webinar for the Feb 18 CAG meeting due to a lack of time and nature of topics can be dropped rather quickly into a powerpoint and shared before the meeting. We will definitely have a Webinar in advance of the March 11 CAG meeting - thanks.

I think it would be good to have bot disucssions. I do think it would be better to hold the second piece to just beofre hte end of the meeting so we don't wind upo chewing up a lot of time on something important but not central to our work. It would probably help a lot to have written material beforehand from Ella to set up the disucssion.
